

FRESHMEN GUIDEBOOK

ACADEMIC YEAR 2024/25
20TH ASOC MC

PREFACE

Hi Freshman!

Welcome to SMU and the School of Accountancy (SoA)! We are excited for you as you embark on this new journey here with us in SMU, and we understand new beginnings can be daunting.

This guidebook serves as a comprehensive directory for freshmen, providing all the essential information about SMU and SoA to help them get acquainted with the new environment. Should you have any queries, feel free to contact us at accsoc@sa.smu.edu.sg

Ready to be the well-equipped freshie? Let's go!

IT MATTERS
& IMPORTANT
WEBSITES

At SMU, a great deal of learning is done online, and a laptop is often a student's constant companion. As most learning materials are provided through the school server, listed below are some useful tips to guide you in getting your laptops configured to smoothly navigate SMU's different websites and portals throughout the rest of your semesters!

IT HELPDESK

IT Helpdesk is the one-stop centre for all your IT problems you may face during your time here in SMU.

Location:

IT Help Centre, Basement 1
(beside the School of Accountancy Lift)

Opening Hours:

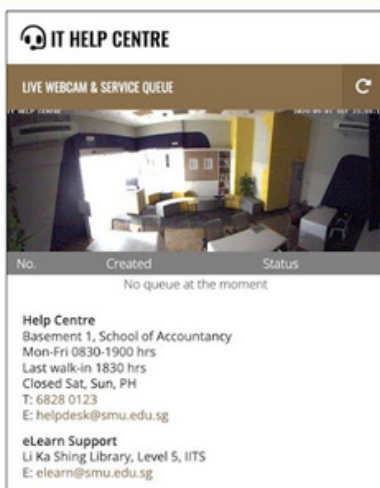

Monday to Friday: 8.00 am - 7.00 pm
(last walk-in at 6.30pm)
Closed on Saturdays, Sundays and
Public Holidays

You can also contact them via:

Phone: 6828 0123 | **Email:** helpdesk@smu.edu.sg

🌟 PRO TIP! 🌟

To avoid a long waiting time, you can check the LIVE view of the service queue at the IT Help Centre. This may be accessed online via OASIS, at the bottom of the left sidebar.

- Will definitely come in handy when planning your schedule wisely!

01 Software Installation & System Setups

All SMU students are entitled to download various software, including the Microsoft Suite. An exhaustive list of software and their download guides/links can be found [here](#).

A) School Wifi Connection

1. Look for the network with the name **"WLAN-SMU"**
2. When you click into it, it will prompt you to fill in your username and password
 - Username: School Email Username (e.g. jane.doe.2024)
 - Password: Your password for your SMU email

B) SMU Account Password Management

You are required to change your password **every 180 days** or you will be locked out of your email and OASIS account. There will be several emailers reminding you to change it after finals, so do keep a lookout for it!

It is important to keep your account active as being locked out of your accounts would mean that you are not allowed to bid for modules or access your results.

In the event you do get locked out of your account, the following are **three ways** to unlock your account:

- Register for the [online service](#) (**recommended**)
- Email in to the IT Helpdesk for assistance: helpdesk@smu.edu.sg
- Reset password at the IT Help Centre during office hours

You can access the guide to change your SMU account password [here](#). Do note that after every password change per semester, you would need to do the above steps again to reconnect to the Wi-Fi.

02 Respondus Lockdown Browser (*Exam*)

Some of the tests and exams in SMU are held online through the Respondus Lockdown Browser, which can be downloaded [here](#). The Respondus Lockdown Browser Installation Guide is available [here](#).

During the test or exam, you can launch the lockdown browser through "Quizzes" on the respective module page on eLearn. Do remember to bring your laptop chargers during the test or exam and keep your laptop charged throughout as you are unable to see your battery status once the browser is launched.

How to launch or check your Lockdown Browser

SMU has provided several quizzes with unlimited attempts for you to check and test out your Lockdown Browser. As there may be some system updates over time, it will be good to check before every test or exam.

1. Go onto eLearn and click on "Student Orientation to eLearn"
(Do note that module naming may differ)

2. Click on "Quizzes" and it would show you this page as shown below. There are different kinds of quizzes available for you to test.

Quiz List		Help
Current Quizzes	Evaluation Status	Attempts
Orientation Quiz for Students- Requires Respondus LockDown Browser		0 / Unlimited
Orientation Quiz for Students 2 - Requires Respondus LockDown Browser + Webcam		0 / Unlimited
Orientation Quiz with password for Students- Requires Respondus LockDown Browser		0 / Unlimited

03 Printing Services

There is a printing room located on Level 2 of every faculty building in SMU. There are printers found in both Li Ka Shing Library and Kwa Geok Choo Library as well.

* Do take note that **colour** printers are **only available** in the two libraries (the printers in the school buildings can only print black and white)

Cloud-based Printing

Internet connection is all you need! Students can print their documents anytime and anywhere by saving their work and uploading it onto the printing website linked [here](#). You should see this page as shown below when you click into the link.

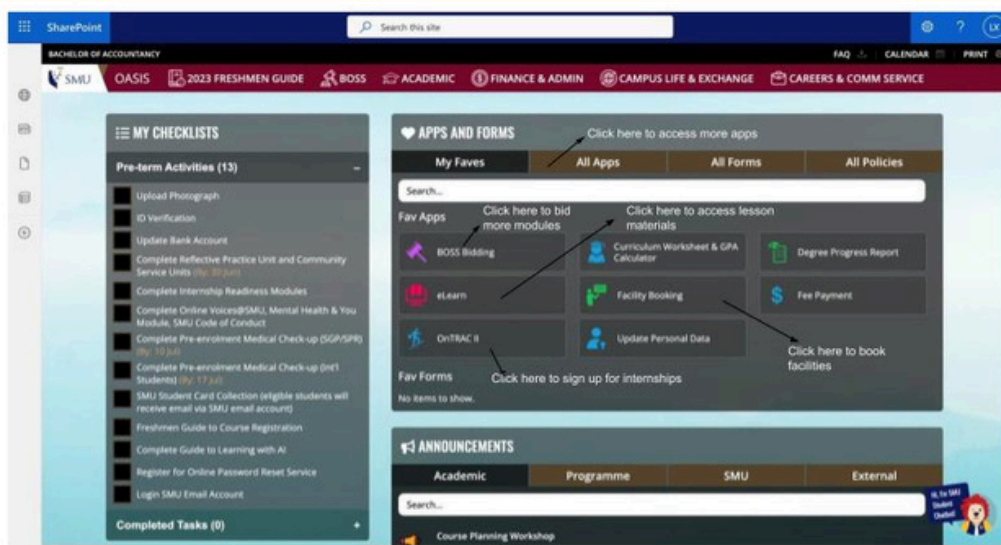

The screenshot shows a web page titled "Print Services (Student)". Below the title is a section header "Student Printing Service". The text below the header states: "Student printing and copying services are chargeable and are handled by a vendor appointed by SMU. Payment may be made by Ez-link/Nets FlashPay or SGQR (eg: PayNow). Students can submit the document via web browsers from anywhere with an internet connection and release and collect their printouts from the location of their choice in the library and common spaces in the schools." Below this text is a large green button with a black border and rounded corners, containing the text "Click Here for Printing". Below the button is a small line of text: "Click the above button to access the Portal".

All printing payments can be paid using EZ-Link cards, NETS FlashPay, or PayNow. For information on how to print, locations of the printing rooms and printing costs, visit [here](#).

OASIS (Online Access to Student Information System)

OASIS is an online portal that contains a non-exhaustive list of information such as regarding BOSS bidding, curriculum matters, financial assistance schemes, career development and community service matters. It is one of the most widely used platforms for all SMU students as we are able to find most of the information we need on here!

You can also check your class and exam timetable for your confirmed modules on OASIS!

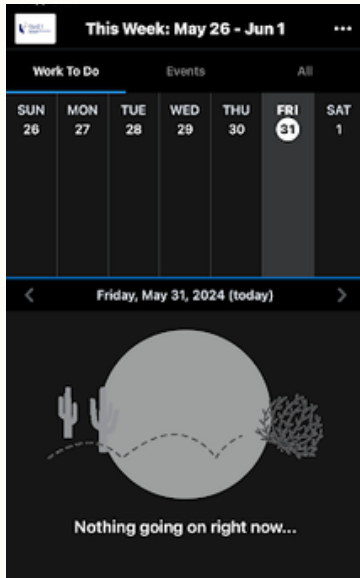

The above is how the Home page looks like. Under **“Apps and Forms”**, there are links to the frequently accessed web pages such as

- [eLearn](#)
- [OnTRAC II](#) (to sign up for CSPs and internships).
- [Facility Booking System](#) (to book rooms for project discussions)
- [BOSS Bidding Portal](#) (to bid for your classes)

Click on the links above to access their respective portals.

01 eLearn

A portal for you to retrieve course materials and to complete mandatory online courses in SMU. You can access e-Learn [here](#).

Brightspace Pulse

In need to view your course materials on the go?

You can download "**Brightspace Pulse**" to easily access your eLearn on your mobile devices. Available on both the App Store/Google Play Store.

Simply search for "SMU eLearn" upon downloading the app, and it will direct you straight to the eLearn portal!

02 OnTRAC II

An online platform for students to apply for job/internship positions. It can only be accessed upon completion of the mandatory e-internship online units (refer to [Chapter 2](#) for more details). You can also book appointments with your career coaches (DKHMCC) through this portal.

Each student is allocated to a career coach who will send you an email. You are encouraged to make an appointment with them as they would be able to provide valuable insight as to how you should be mapping out your university journey in the next four years in SMU.

You can directly access OnTRAC II [here](#).

You can also access OnTRAC II via OASIS at:

OASIS > OnTRAC II

03 Facility Booking System (FBS)

An online platform, also known as FBS, for students to book facilities such as Group Study Rooms (GSRs), Seminar Rooms (SRs) and Classrooms (CRs) for project discussions. Most of the facilities will require at least 1 co-booker to confirm on the booking!

Every student is given **4500 credits** per academic year, and will restart at the start of each academic year (AY).

Non-exhaustive list of facilities available:

Facility	Number of Co-bookers	Maximum No. of Hours Bookable
Group Study Rooms (GSRs)	1	4 hours a day
Seminar Rooms (SRs)	2	No limit
Classrooms (CRs)	2	No limit
Project Rooms (found in libraries)	1	3 hours a day

You can directly access the Facility Booking System [here!](#)

04 BOSS Bidding Portal

Bid like a BOSS! It stands for **B**idding **O**nline **S**ystem, and this is where you will go to bid for your preferred modules for the next semester using e-Dollars (eS). As easy as it may sound, module bidding involves many variations and rules.

But fret not, we got your back! For a comprehensive overview about BOSS and how it works, head over to the following sites:

- [OASIS - All about BOSS](#)
- [ASoc BOSS Bidding Crashcourse](#)
- [SMUSA BOSS Bidding Guidebook](#)

AFTERCLASS

An external website for course and professor reviews. This website provides students' evaluations of the course and professor, listing the pros and cons of the content taught and what the teaching style of the professor is like.

AfterClass also offers other services such as Bid Price Analytics, a platform for students to buy and sell textbooks, notes as well as student deals.

You can click [here](#) to find out more.

*Do note that AfterClass is a student led initiative and not an SMU affiliated website. Alternatively, you may turn to your seniors and facilitators for advice on the respective modules as well.

02

COMPULSORY
ONLINE UNITS

COMMUNITY SERVICE ONLINE UNITS

Before embarking on your community service efforts, you have to complete **four** mandatory online units: one Reflection Practice Unit (RPU) and three Community Service Units (CSUs) on eLearn.

The RPU will equip you with skills for deeper and more meaningful reflection, while the CSUs will introduce you to guiding principles and tools such as service learning, needs analysis and asset mapping.

It is highly recommended that you complete these units before the semester starts, or minimally before the start of Year 2.

More details can be found on OASIS at:

OASIS > Careers & Comm Service > Community Services > How to Apply

E-INTERNSHIP ONLINE UNITS

The e-Internship online unit is an online session that you will need to go through before embarking on an internship. This is included along with the below online learning units on eLearn.

- A.** Reflection Practice Unit (RPU)
- B.** Five Internship Readiness Modules (IRM101 - IRM105)
- C.** e-Internship Quiz after reading the e-Internship Guide

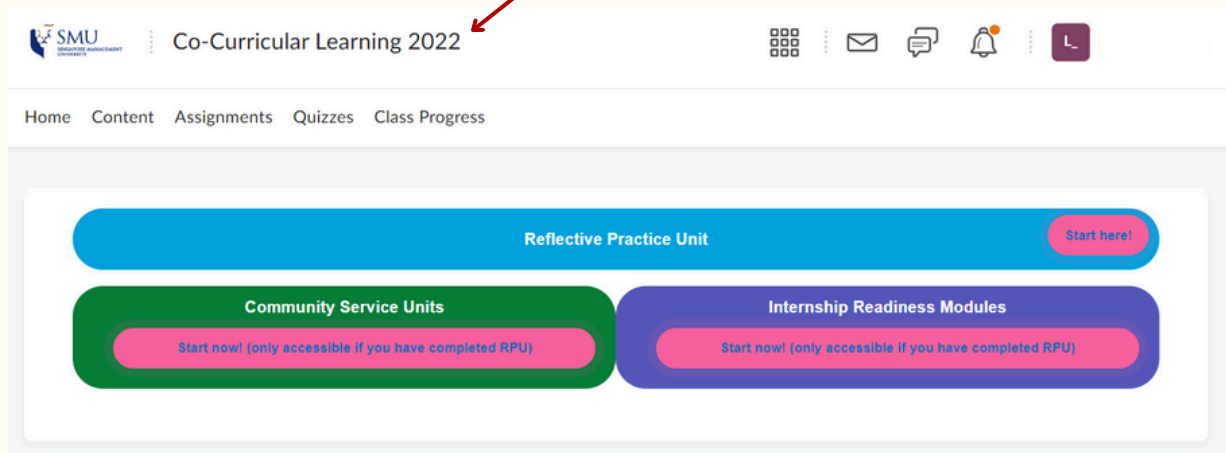

More details can be found on OASIS at:

OASIS > Careers & Comm Service > Internship > e-Internship Briefing

Where can I find them?

You may be wondering where to locate these online units. They can be found in eLearn, under the course name **“Co-Curricular Learning”**

It will be **“2024”** based on your matriculation year

The screenshot shows the SMU eLearn interface for the course "Co-Curricular Learning 2022". The page features a navigation menu with "Home", "Content", "Assignments", "Quizzes", and "Class Progress". The main content area displays three units: "Reflective Practice Unit" (with a "Start here!" button), "Community Service Units" (with a "Start now! (only accessible if you have completed RPU)" button), and "Internship Readiness Modules" (with a "Start now! (only accessible if you have completed RPU)" button). A red arrow points to the course title "Co-Curricular Learning 2022" with the text "It will be '2024' based on your matriculation year".

03

ACADEMIC
MATTERS

GPA CALCULATION

SMU has a 4-point grading system. The following grade notations are used in calculating the Grade Point Average (GPA), which is the quotient of total grade points divided by total course units attempted:

Grade	Grade Point	Mark Range
A+	4.3	86 and above
A	4.0	83 to 85
A-	3.7	80 to 82
B+	3.3	77 to 79
B	3.0	74 to 76
B-	2.7	70 to 73
C+	2.3	66 to 69
C	2.0	63 to 65
C-	1.7	60 to 62
D+	1.3	53 to 59
D	1.0	50 to 52
D-	0.0	49 and below

The above table is taken from:

OASIS > Academic > Examinations & Grading > Grading Policy

Where computations result in the cumulative GPA exceeding the 4-point grading system, a round down approach will be adopted. The highest cumulative GPA attainable by a student is 4.00.

EXPLORATORY UNITS

In SMU, all undergraduate students are given an option to exclude two course units of **passed** grades from cGPA computation.

Under the Exploratory Courses Policy, it will only be applicable for modules taken before their final term of coursework (with the exception of compulsory University/Programme Core courses, compulsory Major courses and compulsory Track courses).

In other words, students may declare any two passed non-mandatory or additional courses (i.e. any electives) taken in SMU up to, and including, their penultimate term of coursework as Exploratory Courses.

Click [here](#) to find out more!

TEXTBOOKS / RESOURCES

Certain professors recommend students to purchase textbooks for their class. Check your course outline for the latest required textbooks and pay special attention to the required edition. They may be purchased online at [Booklink](#).

SMU Libraries may hold either physical textbooks that can be borrowed temporarily or digital textbooks that can be accessed on the SMU Library [website](#).

Alternatively, you can consider reaching out to seniors through various SMU Telegram channels or your camp facilitators to purchase or borrow second-hand textbooks.

ACADEMIC CALENDAR

To learn more about the important dates in SMU, you can check out the academic calendar that will be updated annually via:

OASIS > BOSS > Quick Links > Critical Dates

ACADEMIC STUDENT HANDBOOK

Refer to the student handbook provided by SoA for useful information on your curriculum, second major options as well as internship and community service requirements.

More details can be found on OASIS at:

OASIS > Academic > Curriculum Advisement > Student Academic Handbook

SMU Core Curriculum (12 units)

Details of the SMU Core Curriculum are listed below:

Capabilities (6 Courses)

Numeracy (Calculus)	1 CU
Modes of Thinking (Choose 1 Course)	1 CU
Managing (Management Communication & 1 Other Course)	2 CU
Writing and Reasoning	1 CU
Internship	1 CU

Communities (4 Courses)

Economics and Society	1 CU
Technology and Society (Choose 1 Course)	1 CU
Cultures of the Modern World (Choose 1 Course)	1 CU
Community Service	1 CU

Civilisation (3 Courses)

Ethics and Social Responsibility for Accounting	1 CU
Big Questions	1 CU
Global Exposure	Non-credit bearing

BAcc Course Curriculum

An overview of BAcc Course Curriculum is listed below:

Accounting Core	18 CU
Accounting Electives	3 CU
Free Electives	3 CU

RECOMMENDED SEQUENCE OF MODULES TO TAKE

You can learn more about the recommended modules to take in your first year through accessing:

OASIS > BOSS > Quick Links > Course Sequence

Disclaimer: The list only covers first major accounting modules (without second major considerations). It does not include accounting electives and core curriculum modules

2ND MAJOR REQUIREMENTS

To learn more about the second majors available in SMU, you can go to:

OASIS > Academic > Curriculum Advisement > Second Major Requirements

For single degree students:

- Able to declare a maximum of 2 majors (First and Second Majors)

For double degree students:

- Primary degree - Able to declare a maximum of 2 majors (First and Second Majors)
- Secondary degree - Only 1 major (First major)

You will need to declare your second major by the end of your second year in SMU.

Do take note that a penalty of **e\$10** will be imposed for any drop, amendment or late declaration of Majors.

For more information

You head over to our ASoc Module Difficulty Guidebook for more information on BAAcc curriculum and academic-related matters.

You can access it here through [ASoc website](#).

ASOC GUIDEBOOKS

In an effort to support BAcc undergraduates academically, the Management Committee of the Accounting Society (ASoc) has created a series of student-initiated guidebooks as follows:

01 Module Difficulty Guidebook

Aims to assist BAcc undergraduates in their academic planning. It is a compilation of reviews and feedback gathered through surveys from students who have previously taken the modules. Most students find it beneficial when module bidding is approaching!

02 BOSS Bidding Crash Course

An optional online session specifically curated for incoming freshmen to learn how to navigate BOSS and get them prepared for their first-ever bidding. Get all your burning questions about bidding answered here too!

Interested in finding out all the tips and tricks to bidding? Keep a look out for our EDM blast to sign up and attend the online course!

03 Career Guidebook

Under the guidance of working professionals, it aims to provide valuable insights into the diverse career pathways available to Accountancy students after graduation. It serves as a resource for both undergraduates and graduates to explore their preferred field.

These guidebooks are available for download from the [ASoc website](#) under 'Guidebooks'. The guidebooks are refreshed annually (before every new academic year) to provide students with the up-to-date information on all the changes in SMU and BAcc curriculum.

04

GLOBAL
EXPOSURE

Every SMU student has to fulfil the global exposure requirement before they graduate. The following are some of the programmes students can participate in to meet this requirement! Modules taken abroad are on a **pass/fail basis** and are not counted towards your GPA.

ACCOUNTING/BUSINESS STUDY MISSIONS (ASM/BSM)

Study missions are study programmes that encompass a short overseas study trip. It can usually fulfil the Asia Studies and Global Exposure requirement.

Look out for emails from SoA and LKCSB regarding the study missions. It contains important information that you will need for the application process as well as available financial assistance. Do read up carefully before signing up to ensure the modules you are looking for can fulfil your degree progress requirement.

Students do not have to bid for ASM/BSM but there is an **automatic e\$20 deduction** upon your acceptance of the offer.

Common destinations for past Accounting or Business Study Missions include South Korea, Hong Kong, Indonesia, Thailand and Taiwan.

SHORT-TERM STUDY PROGRAMME (SSP)

Look out for emailers from the Centre for Global Education and Opportunities (GEO) on the different short-term study opportunities available during Summer (Term 3A or 3B) and Winter (Modified Term 1). SSP allow students to clock 0.5 to 2 SMU Credit Units (depending on programme).

You can access more information through the portal:

**OASIS → Campus Life & Exchange → Other Study Programmes
→ Short-Term Study Programme**

INTERNATIONAL STUDENT EXCHANGE PROGRAMME (ISEP)

Many SMU students choose to go on exchange for a semester at one of SMU's overseas partner universities during their third or fourth year. However, students are not allowed to go on ISEP if they are in their final semester.

Look out for emailers from the Centre for Global Education and Opportunities (GEO) on the different exchange opportunities available.

You can find out more about the partner universities via:

**OASIS > Campus Life & Exchange > International Exchange
> Programme at a Glance**

Students usually choose to clear the following modules during their exchange:

- **Accounting Electives**
- **Free Electives**
- **SMU Core - Capabilities:**
 - Managing (Elective)
 - Modes of Thinking (Elective)
- **SMU Core - Communities**
 - Technology and Society (Elective)
 - Cultures of the Modern World (Elective)

It is important to note that you will only be able to clear up to 2 Accounting Electives during your exchange. Students are **not allowed** to map any Business or Accounting core modules overseas.

For more information regarding credit transfers / module mapping, go to:

**OASIS > Campus Life & Exchange > International Exchange
> Credit Transfer Handbook**

OVERSEAS COMMUNITY SERVICE PROJECT (OCSP)

OCSPs are a great way to help others while clearing the 80-hour community service requirement! SMU has numerous OCSPs for students to join, make new friends and do good deeds.

Do look out for the recruitment emails sent out by the many OCSPs that will be carried out during the winter and summer holidays. Common destinations are Southeast Asian countries like Thailand, Vietnam and Cambodia.

These trips are usually subsidised (especially if it is your first OCSP) and you can use funds from your PSEA (Post Secondary Education Account) to pay for your OCSP trip as well.

05

SOA & ASOC
SIGNATURE
PROGRAMMES

The School of Accountancy, together with the Accounting Society (ASoc), hold several initiatives in providing a fulfilling and vibrant student life through the following programmes put in place:

ASOC MENTORING SCHEME

The ASoc Mentoring Scheme (AMS) aims to help incoming freshmen transition into university life by having mentors share their experiences and provide help whenever necessary.

Freshmen will be enrolled into AMS on a sign-up basis. Do look out for the email for recruitment of mentees in your Outlook!

Each mentoring group will comprise one mentor and a few freshmen. Freshmen will be assigned to their ASoc Camp facilitators should their facilitators be mentors under this scheme.

SOA PEER TUTORING SCHEME

SoA Peer Tutors are students who are academically stronger and handpicked to assist other students academically, under the guidance of the Dean and other professors. They conduct revision workshops for key Accounting modules before the **Final** examinations.

Financial Accounting Bootcamp

It is usually held a week before the new term starts. The session is optional, but all freshmen are welcome and encouraged to join!

If you are in need of help for core accounting courses during your time in SMU, you can always reach out to our accountancy mailbox at accountancy@smu.edu.sg as soon as possible so that Peer Tutors can come in to assist you (depending on their availability).

PROJECT MOOLAH

ASoc's very own local Community Service Project (CSP) that promotes financial literacy to local secondary students. Get a chance to meet friends from other faculties as it is open to all SMU students. All SMU students can participate as an organising committee member or facilitator.

Participating in this project will contribute towards fulfilling the Community Service Requirements.

Keep a lookout for their recruitment email for organising committee members and facilitators during the semester! For more details, please visit their Instagram page [@project.moolah](https://www.instagram.com/project.moolah).

SMU-MCCY CHARITY TRANSPARENCY ASSESSMENT PROJECT

Another one of ASoc's very own local CSP which aims to enhance the disclosures and governance practices across the charity sector in Singapore.

Student participants will be assessing charities based on any related publicly available information, such as their Annual Report or their Financial Statements. The assessment results will help to determine whether charities will receive the Charity Transparency Awards. Through this job scope, student participants are expected to gain pro-bono audit and advisory experience in the charity sector.

Participating in this project will contribute towards fulfilling the Community Service Requirements.

06

STUDENT LIFE
HIGHLIGHTS

ASOC NIGHT

One of ASoc's flagship events held after ASoc Camp. ASoc Night will consist of games, activities, and pageant performances to commemorate SoA's 23rd birthday this year.

Bring your friends along and join us in this celebration. More information can be found on their Instagram page [@asocnight](#).

ASOC AXPLORE

Our largest annual networking event spearheaded by the Professional Development Department of ASoc.

Representatives from a variety of companies ranging from the Big 4, to mid-tier accounting firms, to banks, will be invited to have an introduction and networking session with students.

Interested students can sign up for the individual sessions through the links in our EDMs!

ASOC ALUMNIGHT

ASoc AlumNight is an annual event that provides an opportunity for students to interact with SoA Alumni to gain a better understanding of various industries and explore different career paths.

This event facilitates conversations and networking, and we hope to create a network of support between the different graduating classes of students.

COMPANY VISITS

ASoc also partners with various accounting firms, mainly Deloitte, EY, PwC and KPMG to organise company visits for interested students looking to gain a deeper understanding about these firms.

Do look out for our EDM and Telegram announcements to sign up as there are limited slots up for grabs!

ASOC WELFARE DRIVES

ASoc's Student Life Department organises welfare drives once or twice every semester, where SoA students can look forward in getting a variety of goodies and unwinding themselves through all the exciting games and activities we have.

Sign ups are limited and are filled quickly so do be prepared to snatch the slots!

HALLOWEEN FIESTA

ASoc's newly introduced initiative started out in 2023! Look forward to all the thrilling activities, including our very own Haunted House! There will be a plethora of goodies to bring home as well!

Be sure to sign up early, as there are limited slots available! Do keep a look out for our telegram messages and EDMs for the sign up link!

07

SMU
FACILITIES

Unsure of the benefits you have as a student in SMU? Fret not! Listed below are some of the commonly used facilities that most students to visit or use throughout the years they have in SMU.

SMU CONNEXION

A popular study space and an ideal location for project meetings, located between the School of Accountancy and the School of Law.

SMU Connexion includes facilities like active learning classrooms, brainstorming hubs, collaborative zones, integrated learning studios, makerspace and student lounges.

Dining options are also available on Level 1 (Refer to [Chapter 8](#)).

SMU GYM & FITNESS CENTRE

Located along the concourse under the School of Computing and Information Systems, the three-story Gymnasium and Fitness Centre is open exclusively to SMU students.

The facility, comprising two fitness studios and one gymnasium, spans 3 levels and is wheelchair friendly.

Opening Hours:

Monday to Friday: 8am to 7.30pm

Closed on Saturdays, Sundays and Public Holidays

For more information, you may visit [here](#).

SMU SWIMMING POOL

SMU also has a swimming pool accessible to all SMU students, located at Level 6 of the SMU Administration Building

Opening Hours:

Monday to Friday: 7.30am to 8.30pm

Closed on Saturdays, Sundays and
Public Holidays

SMU CLINIC

SMU students are entitled to free consultations and standard medication at TheClinic@Campus, located at Li Ka Shing Library, Basement 1.

Clinic Opening Hours:

Monday to Friday: 8.30am to 5.30pm

Saturday: 8.30am to 12.30pm

Closed on Sundays and Public Holidays

There are also free consultations at clinics all over Singapore. To view the list of clinics that you can visit, visit [here](#).

You can also attend online consultations via the app as well as have medicine and a medical certificate delivered to you, free of charge. Do remember to show your matriculation card upon registration. You can also claim for consultation, standard medication, and simple lab tests at a number of GP panel clinics as well as government polyclinics.

For more details on medical insurance coverage, visit [here](#).

THE COSY HAVEN

A safe space for students to de-stress and recover from daily challenges of academic life, equipped with massage chairs, magazines and books, board and video games. To head to The Cosy Haven, you can follow this [video](#).

Opening Hours:

Monday to Thursday: 12pm to 6pm

Friday: 12pm to 3pm

Closed on Saturdays, Sundays and Public Holidays

The Cosy Haven is only open during weeks 3 to 7, and 9 to 13 during the school semester and is managed by the SMU Peer Helpers.

QUIET STUDY SPOTS

There are numerous study spots available around SMU other than our libraries and Connexion accessible to students!

Some of these study spots include:

- SCIS Lounge
- Fishtank at SOE
- Study spaces at SOSS/CIS

SMU
ACCOUNTING
SOCIETY
(ASOC)

20TH ASOC MANAGEMENT COMMITTEE

SMU Accounting Society, commonly known as ASoc, is an official constituent body of the SMU Students Association (SMUSA) and represents all Bachelor of Accountancy (BAcc) students.

The interim committee was formed in December 2003 and the first executive committee was installed in August 2004. Currently, ASoc is run by the 20th Management Committee with ISCA as their official partner.

ASoc strives to establish an integrative culture for BAcc students and promote an environment for holistic development.

For any queries, please email ASoc at accsoc@sa.smu.edu.sg.

ASOC'S SOCIAL MEDIA PLATFORMS

The ASoc website is where you can find our Guidebooks and stay updated with information on ASoc's upcoming professional development events and other student life activities planned for you. Keep a look out for our ASoc Merchandise space when we open orders!

Follow us on our ASoc social media platforms such as our Instagram page and Telegram channel to receive the latest happenings on our events!

[ASoc Website](#)

[ASoc Instagram](#)
